

Hi there! welcome to deepzone!

Thank you so much for your purchase! I'm glad you're enjoying the product.

I wanted to let you know that our mockups are super easy to edit. All you have to do is place your text into the smart object.

If you ever need any help, please don't hesitate to reach out to me at

assetdeepzone@gmail.com.

I'm always happy to help out or answer any questions you might have.

It's always great to see how my products are being used, so feel free to send me a message or email showing me your work.

Let's be friends!

Note you can use any font you like, the PSD Logo design is responsive to all fonts

First of all install fonts used in mockups.

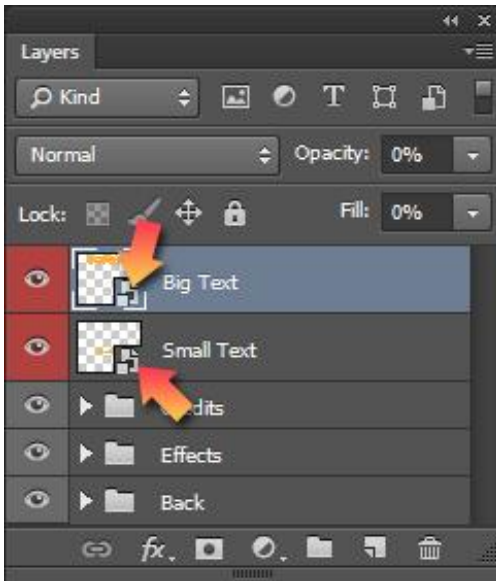

Free Fonts Links

1.Psd = <https://www.dafont.com/sugar-bomb.font>

2.Psd = <https://www.dafont.com/funny-cute.font>

3.Psd = <https://www.dafont.com/lovely-madness.font>

How to use mockups:

1. Double click smart object icon
2. Place your text in the just opened window
3. **SAVE using:** File/Save or **ctrl+S** on PC or **cmd+S** on Mac

Enjoy results! And good luck with your projects!
